

Auscott education scholarship

Moree Secondary College student, Karla Ranby has been awarded the Auscott Scholarship for the Gwydir Valley.

Karla joins other Auscott Scholarship winners from the Namoi and Macquarie Valleys.

Karla will be attending the University of New South Wales, where she will study a combined Arts/Law Degree over five years.

The award follows an interview process which was undertaken in October, 2005. The interview panel, made up of Education Department and auscott representatives, was most impressed by the high standard of the applicants from the area.

In 2006 there will be nine carry over students (three from Moree) as well as three new students. Annual Auscott investment currently runs at around \$120,000. The scholarship covers tuition, books, living expenses, as well as other compulsory and course fees, totalling \$50,000 over the life of the scholarship.

Since the commencement of the Moree Award in 1980, 26 awards have been made to students from the Moree district.

Auscott extends best wishes to Karla for her future studies, as it does to all those currently holding Auscott Undergraduate Scholarships. 

Fay Milton, Marketing Assistant for the Auscott operations at Gwydir Valley, and right is Karla Ranby, the scholarship recipient.

HIGH PERFORMANCE MACQUARIE COTTON

Market volatility creates both opportunity and risk.

Whether it is cotton, currency or even equity markets, Macquarie is providing Australian cotton growers with the keys to manage price opportunities and diversify risk.

Contact our team to find out how we can put you in the driver's seat for higher returns from your cotton business.
